## Voters Must Decide Question of Paving Main Street

AT VILLAGE ELECTION MONDAY, MARCH 12TH

J. W. Sorenson says:

"The question before the voters of Grayling is whether or not we shall pave the 3 first blocks of Main street, and as it appears to me that a good many are undecided what to do in the matter, and inasmuch as several of our citizens have approached the writer on the subject I am publishing this statement giving my opinion in the matter. The paving will make a nice appearance to our town and I think that we are all in favor of beautifying the place we live in to the greatest extent of our ability. Now the next question is—is it beyond our ability to pave at this time? No one can decide this without a vote of the people and I think that it all hinges on that one point whether or not the voter feels that he is able to pay one and three quarters per cent of his assessed valuation for the next two years. In dollars and cents this means that you will be paying on every \$1,000 valuation \$17.50 which is exactly the same amount of tax as was paid by you last year, if we do not have the taxes may be between \$10 to \$15 for every \$1,000 valuation. It is then for you to decide for yourself if the \$17.50 per \$1,000 valuation is not too heavy for you to pay I recommend that you vote 'Yes' for paving and on the other hand if you are unable to stand the tax burden and did not pay your last year's tax it is your duty to vote 'No.' We are speaking about the village tax which comes due the 1st day of July each year. The township and school tax is on a different assessment roll it being the tax you pay January 1st and has nothing to do with our village roll."

J. W. Sorenson.

We are indeed glad to print Mr. Sorenson's article for the information it contains. That is exactly what the people desire to know before voting upon the expenditure of money required for paving Michigan avenue three blocks.

In reviewing the article we will say that Mr. Sorenson is right in saying that "paving will make a nice appearance in our town" and that the people are in favor of beautifying the place we live in.

Further he says it depends upon whether or not the voter feels able to pay the cost—1 3/4% on his assessed valuation. In that Mr. Sorenson fails to go far enough. His figures are based upon the amount of \$25,000, which is the amount the Council is limited to raise for paving purposes, while the amount estimated by a competent engineer is only \$20,000. And further than that about 40% of that amount will be assessed to the owners whose property abuts the paved area. The Council has been lame in not making these points clear in their statement on the ballot. But such are the facts. The taxpayers will have to pay in the neighborhood of \$12,000 as their share of the cost of the pavement. We will not assume responsibility for the accuracy of these figures further than to say that they are based upon the best information we have been able to obtain, and we believe they are quite accurate.

We wish to make ourselves clear on the paving proposition. We are for it, because if the project carries it

means a step forward in progress. If it loses it means a step backward. Valuation of our property is already at a low ebb and will be still lower if we don't go forward. The shrinkage of \$200 in sale valuation of property now worth \$1,000 within one year we believe would be a low estimate. Will it be better to keep up the valuations or to suffer the loss. We will have to pay the cost in one way or another anyway.

Of course it will cost money to pave but we shall have something to show for the money we spend instead of nothing but the same old dusty main street, with its costly upkeep, and its unsightliness.

There is a lot of opposition to paving and some of the reasons offered by those opposed do not seem reasonable. Some are opposed because if the street is paved it would be impossible to lay water pipes and sewers. Members of the council are generally agreed that all necessary waterworks and sewer construction and changes, including possible lateral lines will be done before any paving is done. That is the sensible and reasonable thing to expect of any council.

One person stated to the Avalanche that the paving should have been done 5 years ago. He is right. It is impossible to go back and correct this error. Shall we commit the same error now and let the people judge our sins five years from now. There will never be a better opportunity to have this work done than now. It may look like a big project but after it is completed we will find that it wasn't such a big job after all, and everyone will be proud of it. Our summer business is growing bigger every year, and our military reservation brings here many prominent people, and we would be embarrassed if we could hear some of the remarks made about the town. And now our flying field is established and it is bound to become a prominent station. That means still more visitors, and very probably Col. Lindbergh will be among them this very summer. We don't want to build a pavement for any of these celebrities but we do want to build it for the convenience and the credit it will bring to our city, and it is a mighty comfortable feeling to sense that we are

up.

And to pave a valuation of our own property we want to go ahead, for we know that if we go backwards that we shall lose more actual money than it would cost to pay the paving tax. If the project loses, we shall take the loss with the others and feel that there is at least a small gain for we shall save about \$200 in personal paying tax besides the regular property tax. If it carries we shall be glad of course for we feel that it is the sensible thing to do this time.

### WOMAN'S CLUB NOTES

March 5, 1928

The club met Monday evening at the club rooms with Mrs. Roy Milnes as hostess.

The program for the evening was on the Civil War and was divided into three topics. Miss Hazel Cassidy gave a paper on "Events Leading up to the Civil War." Slavery was the big problem discussed and the seceding of the seven cotton states from the Union was the direct cause of the war.

Mrs. Herluf Sorenson gave a paper on the war itself. Mrs. Doll Walt

1—Ruth Powderly, who nursed President Wilson and his family, now the bride of Commander Jesse B. Hays, U. S. N., in Toronto, Nicaragua. 2—Officers and archers at Ormond Beach, Fla., admiring John D. Rockefeller's strike miners at Trinidad, Pa.

gave a very interesting paper on the Dutch that she had done the best Reconstruction period she could.

Miss Kathryn Brown is a new member of the club.

### School Notes

Editors—Ishbrand Harder, Ellen Speck, Corinne Sheldon.

The Grayling High School basketball team will play Custer at Petoskey at 8:00 o'clock Friday evening. Custer defeated Scottville and won the championship of the Manistee district. Grayling holds the championship of the Grayling district.

Dr. Keyport answered the telephone. Then—

Dr. Keyport—"Quick, get my satchel. That young man says he can't live without me."

Mrs. Keyport—"Just a minute, that call is for Jane."

A contemporary states that there are two Russian nannies who think they are Irish. It does not say which one of them is right.

As to the cause of modern baldness discussed in The Literary Digest, we hazard the theory that it's absence of hair.

Thorwald—Mr. Cushman has no right to teach. He doesn't understand his subject, and he can't explain.

Ishbrand—He gave me a low mark too!

I crossed the ocean once with a chap who suffered from seasickness terribly, said Mr. Smith.

Buck up, old man, I said to him one morning. You're not dead yet.

No, not yet, he moaned, but it's the hope of dying that keeps me alive.

Miss Lindstrom came into the cooking room the other day and found Elizabeth M. busily engaged in cutting up potatoes. "Why, Elizabeth," said Miss Lindstrom, "What are you doing that for?"

Pausing a moment in her task, Elizabeth looked up and replied: "I heard the man over at the store say that there was money in potatoes this year, and I was just looking for some."

Earle (To talkative barber)—Why do you insist upon telling me those horrible stories of ghosts and robbers while you are cutting my hair?

Barber—I'm sorry, sir, but you see, when I tell stories like that to my customers their hair stands on end, and it makes it over so much easier to cut.

There is nothing in words unless they are properly strung together.

Kendall—"The idea of letting your girl tell everybody she has made a man of you. You don't hear my girl saying that about me."

Julian—"No, but I heard her tell

## HUEBNER PICKS MYTHICAL TEAM

ALL-STAR TEAM CLASS C

(By Harold J. Huebner)

Note: These selections are based on the work of each individual during tournament play. While many will not agree on some of the choices, it should be understood that it is a hard proposition to pick a mythical team using tournament play as the means of choosing. This is especially true of class "C." Grayling played but one encounter while Gaylord had two, and Lake City one. In choosing my nominations several things were taken into consideration each of which must be in the individual. The most important of these are: 1. Shooting. 2. Speed. 3. Condition. 4. Coolness under fire. 5. Pivoting. 6. Faking. 7. The first 8, passing. 9. Aggressiveness. 10. Sportsmanship.

All-Star Class "C" Team

Goal—Forward, Grayling. South—Forward, Grayling. Hendrickson—Center, Grayling. Merry—Guard, Gaylord. Brady—Guard, Grayling.

Honorary Mention

Schreier—Gaylord. Fitzpatrick—Gaylord. Wylie—Grayling.

In class "C" I have picked practically the entire Grayling team. The brand of ball displayed by the champions was of excellent caliber and well deserving of this honor. At forward I have placed Neal and Smith of Grayling. These two lads worked well together and make a combination hard to beat. Both are fast, clever, fine basket shooters and equally as good on defense. At center Hendrickson is given the post. His speed, uncanny eye for the basket and cool head made him a man feared by all opponents. He is very adept in every department of the game. At guard Merry of Gaylord and Brady of Grayling are given the call. This duo of defense would be hard to beat in their class. Both are fine, clever floor men and can be depended upon in an offensive attack. Both are powerful, alert and aggressive and also can be depended upon to cash in several markers during the game. Schreier, Fitzpatrick and Wylie are given mention. This trio is but a shade below their respective opponent and can readily be considered as "pitiful" material.

Class "D" All-Star Team

Myas—Forward, West Branch. Price—Forward, Roscommon. Rudolph—Center, Roscommon. Brundage—Guard, West Branch. Curnalia—Guard, Roscommon.

Honorary Mention

Stevenson—Vanderbilt. Emery—Roscommon. Ruh—Roscommon. Lewis—Marion.

Spreen—Vanderbilt. Boyman—McBain. Strong—West Branch.

Selecting an all-star five for class "D" was a bit more complex. However it was possible to see the teams in action several times thus enabling my choice for each position to be more meritorious. At forwards Myas of West Branch and Price of Roscommon are given the call. While there are some forwards who are but a shade below this duo, these two are named because of their fine work during their games against their respective opponents. They are both fast, clever, good shots and fine team workers. Rutledge is nominated for center. He makes an ideal center, being rangy, a good mixer and a great offensive man. Brundage and Curnalia furnish an ideal pair of guards, able and dependable to work up an opposing offense and to break into their own offense, clever players, speedy and accurate shots. Those that are given mention stood out well above the rest of the players and with a bit more experience should cause a lot of attention.

## GRAYLING, ROSCOMMON CHAMPIONS

RECORD CROWD SEES TOURNAMENT

The High School basketball tournament of the 23rd district closed Saturday night after a record breaking attendance. The high honors for class "C" were easily carried away by Grayling, and Roscommon had little trouble in maintaining its past line record and were the proclaimed champions in class "D."

Fine young athletes represented the schools of Roscommon, Gaylord, Houghton Lake, West Branch, West Branch St. Joe, Waverline, McBain, Lake City, Marion, Vanderbilt, and two teams from Grayling High. A few arrived on Wednesday and got busy at practice on our fine local court to get accustomed to its layout. Others came in time for the opening game Thursday afternoon. Lake City, however, failed to appear when scheduled and forfeited the scheduled game to Grayling. They arrived the following day, but lost out in the consolation to Gaylord.

And with the visiting teams came many of the home folk and the attendance was exceptionally good, and in the evenings the gymnasium was filled almost to capacity.

The congenial Harold Huebner, of Saginaw and Roy O. Milnes of Grayling were on hand to blow the starting whistle and to attend to the refereeing.

Grayling-Gaylord. The big event for Grayling people was the game with Gaylord. This was played on Friday night and the locals won by a score of 32 to 22. Both teams put up brilliant games. Gaylord scored two baskets ahead of the locals. At the end of the half the score was tied at 12 each, and Grayling came back to finish the session with confidence that their steady, dependable fast playing was going to bring victory. With each player in the "pink" of physical condition they had little to fear even from so worthy a foe as Gaylord. All Grayling played except Wylie who played the position of standing guard, contributed to the scoring. Hendrickson, center, led in the scoring with six field baskets, Julian Smith, left forward, was a close second with five. Neal contributed three and Brady two. Merry, Gaylord's right guard, led the attack for his teammates by making five field baskets and two free throws. It was a fine clean game during which but three fouls were called—One on Grayling and two on Gaylord.

Roscommon-West Branch. Another big event was the game between Roscommon and West Branch. This too was a fine game to watch and was won by Roscommon by a score of 20 to 17. Dick Price, right forward, led the scoring with four baskets. Rutledge, center, shot three and Curnalia, left guard, two. Emery registered one. West Branch put up a splendid game and made the match interesting from start to finish.

Roscommon-Marion. And the Roscommon-Marion game only for class "D" championship was being utilized in the romantic development of the game of the four north. The Hudson Bay company plant and good fast through. The game was rife with fouling on Clare manufacturing company, Clare, with 8 and Marion with 10. The fur trapping grounds in the northern former profited from the penalties extremes of Northwest Canada.

by making 10 free throws while Marion garnered but two from their eight chances. Price and Rutledge each made two baskets in the game and Curnalia 1, while Rutledge's unerring aim at the basket brot home six free throw tallies. Altho strongly defended Roscommon did some excellent passing. Marion's passing was superior to their basket shooting—they just simply couldn't ring 'em up even when close to the goal, and their free throw shots were poorly executed, as the score, two out of eight chances, indicates.

Grayling "B" Team. Grayling "B" team entered into three contests. They defeated Wolverine 24 to 15; Vanderbilt 17 to 10, and West Branch St. Joe 33 to 15. Coach Cushman's second string of players were a credit to their coach in all their games and make up a long list of available players for seasons to come.

Presented Trophies. Superintendent B. E. Smith, under whose able management the tournament was conducted, made the presentations of the trophies to the successful winners. Roscommon, district champions in class "D" and Grayling, champions of class "C" shared in top honors. Gaylord was presented with the consolation cup for class "C", and West Branch St. Joe the cup for class "D" consolation. Grayling "B" team, in recognition of their excellent playing was presented a cup on behalf of the business men of Grayling.
